# Leading The Way, Living The Way... The Lion Pride Way!

## **WHAT IS IT?**

Lion Pride Way has been developed by staff members to instill character qualities and skills to ensure our students are successful in all stages of life.

Ennis ISD offers students a great education through academic, vocational, and extracurricular activities. Lion Pride Way is one more tool to give our students not only character education but teach them the importance of serving others and communicating effectively.

Lion Pride Way is not necessarily taught as a curriculum but is integrated throughout the classrooms, hallways, and programs of all campuses, pre-k through 12th grade.

We encourage our staff, parents, and community members to work together in order to reinforce and model this program to our students at school, at home, and within the city.

Together we can make a difference in the futures and lives of our students!

## **SERVICE**

Serving others is an area in which each of us can always improve. When we help lift someone up or volunteer to a worthwhile cause, it gives each of us a stronger sense of purpose and community.

EISD will promote service opportunities for staff and students to help our neighbors and positively affect those who volunteer.

## **COMMUNICATION**

In today's society, the ability to speak in individual and group settings is becoming a lost skill due to the reliance on technology as the means of communication.

We feel our students need to be provided opportunities to improve these skills so they are able to build positive relationships personally and professionally.
