

WELCOME TO iLOCK360

Identity Protection Solution for You and Your Family

ACTIVATION PROCEDURE

PLUS/PREMIUM PLANS

To activate your iLOCK360 coverage, please visit www.iLOCK360.com and LOG IN to complete enrollment and access your account. iLOCK360 will ask for your Social Security number and other very personal information. Please be assured that the iLOCK360 system is one of the most regulated and secure systems in the world—with credit bureau-like status.

Username*: The email address you provided when you enrolled; and

Password: Your initial password is your zip code followed by the last four of your Social Security number.

For example, if your zip code was 90210 and the last four of your Social Security Number are 8888, your initial password would be 902108888.

Your initial security question is “In what city do you reside?”

* If you did not provide an email address, please call 855.287.8888.

SPOUSE

Once you are enrolled, either the spouse or the employee must call 855.287.8888 to activate the spouse coverage. The spouse will need the employee's Social Security number and his/her own email address.

CHILD(REN)

Once you are enrolled, you can activate your child(ren) online at www.iLOCK360.com

Questions? Please call 855.287.8888.

Proactive & Realtime Identity Protection

What Plan is Right for Me?

The threat of someone gaining access to your personal identity information (PII) is undeniable—consumers need protection. iLOCK360 proactively detects stolen PII and compromised confidential online data. Our proprietary CyberAlertSM technology engages the only identity monitoring solution designed for proactive cyber detection on an international level. Sign up to take advantage of the direct relationships that iLOCK360 has with the three major credit bureaus to safeguard your identity.
