

WHO'S WATCHING YOU, WATCHING YOU?

CYBER IDENTITY THEFT IS THE FASTEST GROWING CRIME

Over 100,000 compromised identities are found every day

Your identity is your most important asset. It defines who you are, determines how much you can borrow, and can be a deciding factor in employment. For these reasons, your identity is a target for online criminals. iLOCK360's identity protection solution provides multiple layers of defense to ensure the integrity of your identity.

In 2015, identity fraud affected 13.1 million consumers costing a total of \$15 billion. Last year, 20% of all fraud losses were due to new account fraud—meaning that fraudsters were opening new accounts under stolen identities, going beyond the usual credit card fraud many consumers anticipate.

Keep your identity protected 24/7/365 with iLOCK360's comprehensive identity theft protection. You may enroll in iLOCK360's identity protection plans using your benefits website. To take full advantage of these services, please be sure your personal email address is available in your demographic information. On, or shortly before the benefit effective date, you will receive a welcome email from iLOCK360 allowing you to activate your protection.
