

## STUDENT PARKING LOT REGULATIONS

Students who are planning to drive a motor vehicle to school will be required to register their vehicles with the office. Ennis ISD has assessed a fee of \$20.00 per year, per parking permit for student parking, payable at the beginning of the school year.

Parking permits are of the type that will be hung from the vehicle's rear view mirror. It is the student's responsibility to be sure the permit is in place and turned so that the number can be read from the front.

If a student drives more than one vehicle to school, it is his/her responsibility to transfer the permit so it will be in place in the vehicle that is being driven. Vehicles without a permit in place will not be allowed to remain on campus. Students are not allowed to go to the parking lot without office approval!

Failure to adhere to parking guidelines will result in one or more of the following consequences:

- (1) Fine no less than \$5 not to exceed \$25
- (2) Vehicle towed at owner's expense
- (3) Removal of parking privilege

Students are to park their vehicles on the student parking lot only. Students found parked anywhere else will be given ISS, and cars may be towed at owner's expense.

Students who are driving motor vehicles to school will need to have the following information/items with them when they come to the assistant principal's office to register their parking permits:

1. A valid Texas driver's license
2. The make and year of the vehicle
3. The license plate number of the vehicle
4. The money for the parking permits (\$20.00 for the year).

Our student parking lot will accommodate approximately 500 cars and motorcycles. The school is not responsible for damage to the auto or its contents.

Students must adhere to the following regulations:

1. Each student who drives a vehicle to school must have a valid Texas driver's license.
2. All vehicles driven by students to school must be registered with the school and must display the current parking tag on the rear-view mirror arm (number readable through front windshield).
3. Once students have parked in the school parking area, at the beginning of the school day, they will not be allowed to leave until the end of the school day. Students involved in school work programs will be assigned "special" parking decals for leaving during the school day. Any other student needing to leave campus must get special permission from the office.

4. Parking is strictly limited to the student parking area. Faculty parking is marked accordingly. Student vehicles parked in the faculty parking areas in front of or behind the building, or in parking area for the Career Center, may be towed away at student expense.
5. Automobiles are to be parked front end first in parking spaces.
6. There is to be no loitering in the parking lot or visitation of same without permission. Any student who must go to the parking lot must get a pass from the office and report to the parking lot attendant BEFORE going to his/her vehicle.
7. There will be no speeding (5 m.p.h. on parking lot) or any form of reckless driving on school property or adjacent streets.
8. Student vehicles may be subject to search if there are reasonable grounds to believe that drugs, alcohol, stolen property, or other contraband might be present in the vehicle.
9. No firearms or ammunition should be in any vehicle.
10. Parking regulations are strictly enforced. It is considered a privilege to drive a vehicle to school. Suspension of driving privileges, towing of vehicles (at student's expense) and/or suspension (or expulsion) from school may occur when violations of these regulations occur.
11. A parking attendant will be on duty each day to enforce parking regulations, control traffic in and out of the parking area, and for the protection of the vehicles in the parking area. The school is not responsible for damage to the auto or its contents.
12. **Lock Your Car.**
