Mr. White reviewed the agenda.

This meeting was mostly geared towards doing the formative review for March. We were able to see some more progress with our strategies as we have now started after school tutoring. Also, with visitors back in the building, we are seeing strong attendance at the awards assemblies as well as the Book Fair. Some other later in the year initiatives also some improvement.

We also looked ahead at the end of the year calendar and end of year events.

Our next SBDM meeting will be focused on the 2022 - 2023 CIP for Austin Elementary.

Meeting was adjourned.
